Dear Ms. Palacios,

Thank you for the gift of \$7,500 to the Burn Care Center at Staten Island University Hospital, a member of Northwell Health. Because of donors like you, who recognize our commitment to raise health and invest in our work, we are improving our hospitals and clinical programs, advancing research, and strengthening our endowment for teaching and research initiatives.

Philanthropic support fuels our ability to discover new treatments, improve our facilities, create new programs and provide world-class care for more New Yorkers than anyone else. By supporting Staten Island University Hospital, you are helping to change people's lives for the better.

With you, it's possible for us to build upon the incredible momentum of our *Outpacing the Impossible* campaign. There is so much more to do, and your gift helps us fulfill Northwell's promise to give people a new kind of medicine – regardless of one's ability to pay. Thank you, again.

Sincerely,

Brian T. Lally
Senior Vice President
Chief Development Officer
